Dear Lucy VanPatten,

As per our agreement earlier in the month, please find attached the aforementioned project proposal "Rainbow Records Website Redesign".

This proposal will go over our plan for resolving the issues with Rainbow Records current website and the order backlog. This will involve a complete redesign of the Rainbow Records website and its connection with the existing warehouse database, as well as other various solutions in regards to how the implementation will be handled.

I hope you find the proposal satisfactory, and that it answers any questions that you may have.

If you have any questions or concerns, please feel free to contact us via our email at [zwang257@my.bcit.ca](mailto:zwang257@my.bcit.ca) or via phone call.
